## BRAZIL PROTESTS AGAINST GERMANY'S SUBMARINE PLAN DECLARING IT WOULD MEAN ABSOLUTE CONTROL OF THE SEAS

Each South American Nation Will Send Separate Note to Berlin.

Teutons to Be Held Accountable By Each Nation Separately for Results if Submarine War Goes Forward.

No Concert of Action Seems Likely at This Time.

(Associated Press Cable)

Rio de Janeiro, February 7.—The Brazilian reply to the German declaration of unrestricted warfare has been dispatched to the Brazilian Minister at Berlin according to an official announcement.

According to authoritative information the Brazilian note protests against the violation of international law involved in the submarine blockade, and points out that such a blockade would, if effective, close the entire high seas, a situation which could not be permitted.

The note protests by anticipation against any hostile act from which a Brazilian merchant ship should suffer by virtue of the blockade and holds Germany responsible for such acts.

Mr. Muller, Foreign Minister, will consider again today with representatives of the other South American countries.

It is understood that Chile and Argentina will refuse to adhere to the terms of the Brazilian note.

Argentina is said to hold that the breach of relations between the United States and Germany has been delayed too long.

Each South American republic will make an independent reply to Germany, but the pourparlers between the Latin-American states will continue.

Minister Ritter Will Look After German Affairs.

(Associated Press Dispatch)

Washington, February 7.—Minister Ritter of Switzerland today was authorized by his Government to take over German diplomatic interests in the United States, including the German Embassy here and twelve consulates throughout the country.

The Minister informed the State

Department of his Government's action in a note. Instructions have been sent to Swiss consuls to take over the German consulates in the following cities: Atlanta, Chicago, Cincinnati, Denver, New Orleans, New York, Philadelphia, San Francisco, Seattle, St. Louis, St. Paul, and Manila.

### DYNAMITE FACTORY BLOWN UP

Holland Sources Announce Tragedy Near Cologne on Jan. 27th.

(Associated Press Cable)

Amsterdam, via London, February 7.—According to the newspaper Les Nouvelles, of Maestricht Holland, a dynamite factory at Schlebusch near Cologne was blown up on January 27, causing the death of two hundred persons mostly women.

An explosion last Thursday on the railway between Aix-La-Chapelle and Louvain, this newspaper reports, caused the death or injury of twenty-six Belgian workmen.

### WORKS PROTESTS PRESIDENT'S ACTS IN THE SENATE

Californian Asserts That U. S. Has Not Been Neutral.

By Associated Press Dispatch

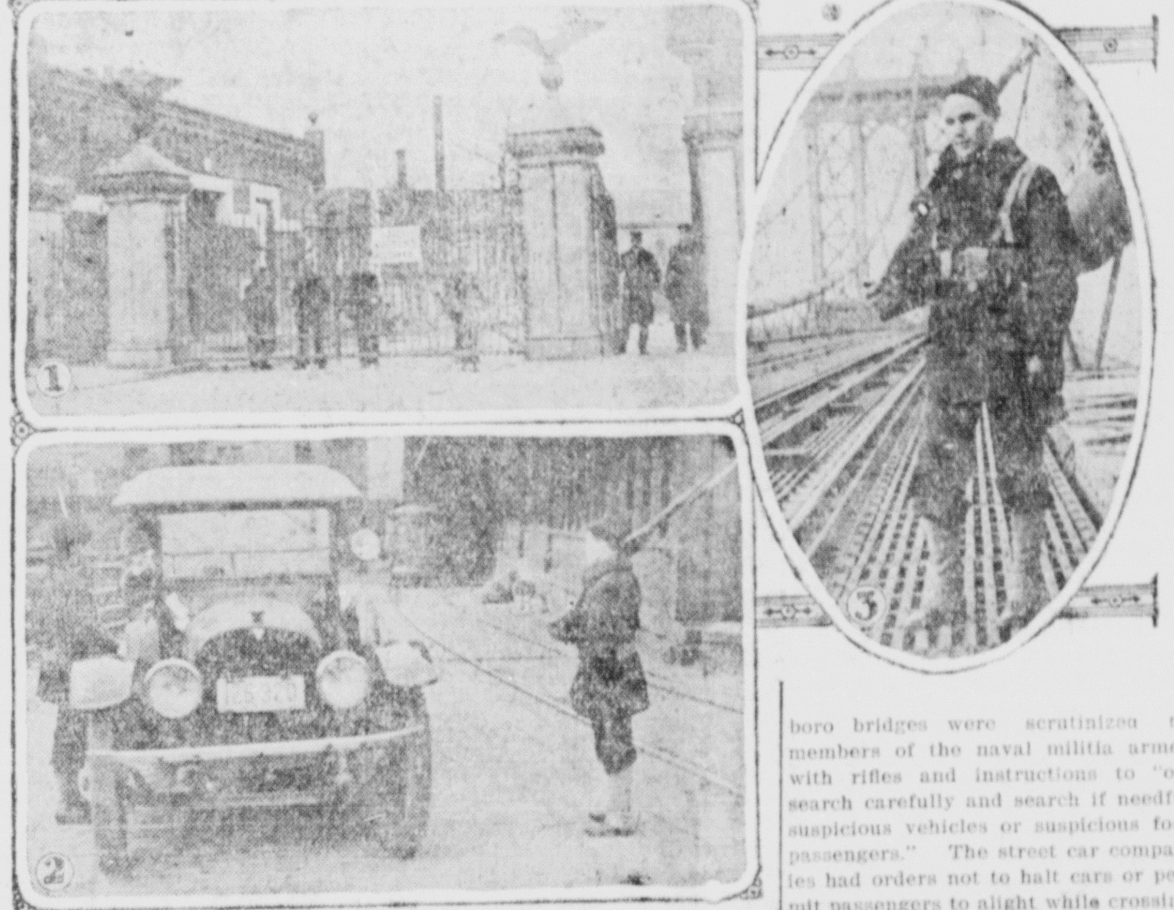

Washington, February 7.—Asserting that the United States has not been neutral as a nation, and that if it had the country never would have been brought to a breach with Germany, Senator Works, Republican of California, protested in the Senate against the action of the President in severing diplomatic relations.

### THE RESOLUTION TO ENDORSE ACT OF PRESIDENT

By Associated Press Dispatch

Washington, February 7.—Senator Stone's resolution to have the Senate endorse the break with Germany was taken up for action today. Immediately after Senator Works, in a prepared speech had assailed the President's course.

### POINTS THAT ARE VITAL TO AMERICAN LIFE HAVE BEEN PLACED UNDER RIGOROUS GUARD

Immediately after the diplomatic break with Germany steps were taken by federal, state municipal authorities throughout the United States to guard vital water supplies, naval yards, arsenals, bridges, munition factories, etc., from possible attacks by fanatical sympathizers with the Teutonic allies.

"I wish to impress upon the public and the newspapers that such precautions as we are taking are to protect the public works such as the aqueduct against the possible action of some crank," Governor Whitman of New York said. "We have no suspicion that there is or will be any organized effort against any public utilities. I believe that all of our citizens are with the president, including the so-called German-Americans."

New York is keenly interested in the military patrolling of bridges, waterworks, aqueducts and other strategic points. Automobiles and others crossing Brooklyn bridge, the Manhattan, Williamsburg and Queens-

The arrival of Mr. Gerard in Berne was announced in a dispatch from him to Ambassador Willard, in Madrid, who forwarded it without further information to the State Department.

It was disclosed today that on Monday the State Department sent a long dispatch giving the plans worked out for the safe departure of the former German Ambassador and his suite.

Any plans German officials might have entertained to restrain the departure of Mr. Gerard were then of course dropped.

The German Government's action is believed to have been more in the nature of a move to compel a safe return of Count von Bernstorff through the Allies blockade rather than any step against Mr. Gerard or the United States.

Germany Actually Did Consider Holding Ambassador as Hostage.

By Associated Press Dispatch

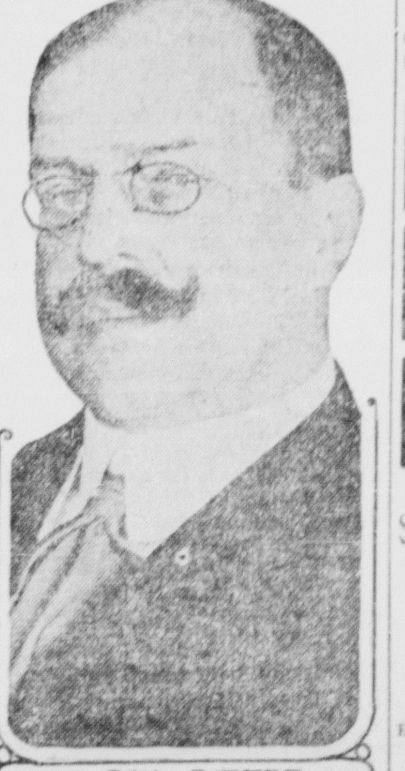

Washington, February 7.—The State Department has received a report that Ambassador Gerard has reached Berne, Switzerland.

boro bridges were scrutinized by members of the naval militia armed with rifles and instructions to "ob-search carefully and search if needful suspicious vehicles or suspicious foot passengers." The street car companies had orders not to halt cars or permit passengers to alight while crossing bridges except in great emergency. At night the river took on a picturesque aspect as powerful searchlights played on the bridges, soldiers patrolled above, and guards in tugs below. At night the river took on a picture-kept their watch on the great structure.

No. 1 in the pictures shows guard at entrance to Brooklyn navy yard, largest in America; No. 2, holding up auto at entrance to Brooklyn bridge; No. 3, naval militiaman on Manhattan bridge.

The fact that Mr. Gerard was not expected to leave Berlin before Sunday, coupled with the possibility that he may have sent a dispatch to Berne to be transmitted to Ambassador Willard, makes it possible, however, that Mr. Gerard has not left Germany, but officials expect further advices during the day.

RITTER, SWISS MINISTER, TAKES OVER THE GERMAN INTERESTS IN AMERICA

DR. PAUL RITTER

### THREE HUNDRED LOST WHEN JAP STEAMER FOUNDERS IN GALES

Drowning and Freezing Brought Death to Greater Number of Victims.

Captain of Dutch Boat Makes Heroic Attempt to Save Lives.

One Survivor Lived Through Four Days of Exposure.

(Associated Press Cable)

Chefoo, Shantung Province, China, February 5. (Correspondence of the Associated Press) — Three hundred persons suffered death by drowning or freezing on the Japanese steamer Hankaka, which ran aground during a terrific snowstorm near this city.

Through the heroic efforts of Captain Stampe, a Dutch officer connected with the Netherlands Harbor Improvement Company, seventy-five of the passengers and crew, who had clung to the storm swept ship for four days and had survived the extremely low temperature, were finally rescued.

The survivors were clinging to the bridge, the only part of the ship which was not submerged, when the Dutch officer reached it.

One Japanese woman was among the rescued passengers who had lived through four days of exposure in a temperature never higher than 15 degrees above zero.

### CHRISTMAS SHIP

By Associated Press Dispatch

The Hankaka was a Japanese ship of 800 tons, which has piled for years through Dalm and Chefoo.

It left Dalm on its Christmas trip with more than 300 Chinese and Japanese passengers and a crew of nearly 100.

### NO CONVOY FOR ST. LOUIS IF SHE SAILS

State Department Acting on Rights of American Ships to Traverse Seas.

By Associated Press Dispatch

Washington, February 7.—The American liner St. Louis will not be

given a convoy if she decides to sail for England through the German submarine zone it was announced at the State Department today.

The Government is acting on the policy that Americans have an inalienable right to traverse the high seas; that the German submarine blockade is entirely illegal, and that any sinking of American ships in contravention of law would immediately lead to hostilities.

### WRANGLE BREAKS IN SENATE

By Associated Press Dispatch

Washington, February 7.—Discussion over President Wilson's breaking off diplomatic relations with Germany broke out in the Senate today when Senator Stone brought up his resolution to put the body on record in endorsement of the President's action.

Two Democratic Senators, Vardaman and Kirby, announced at the outset they would not vote for the endorsement, as did one Republican Senator Works, of California.

Declaring that the Senator's vote upon the resolution would be the gauge of public sentiment, Senator Sherman, of Illinois, Republican, said: "To hesitate is to invite aggression. This resolution does not commit us to war unless the conditions mentioned shall be fulfilled."

"On our passage or defeat of this resolution depends the views of the German Government on the unity of the American people, or the lack of it."

"I am reluctant to take the step, but to hesitate now would ultimately amount to national cowardice."

Senator Underwood, Democrat, said he considered the resolution ill advised at this time, because the President was a man of undoubted courage, judgment, and force of character and willing to take the responsibility before the nations of the world and the people of the country "without any sustaining voice."

But he added that he would support it because failure to adopt it might be interpreted in foreign lands to mean that the country was not behind the President and not willing to spend its last dollar and its last man in time of peril.

"The effect of the passage of this resolution, said Senator Kirby, of Arkansas, Democrat, "will be to declare in a preliminary way that the United States should go to war."

# MAJOR ALLEN RETURNS HOME TUESDAY EVENING

Arrives on 5:43 B. & O. Train and Takes Friends By Surprise—Home on 30 Days' Furlough and Becomes Probate Judge for Second Term, Friday of This Week

Tanned by elements of camp life in perfect health and carrying not an ounce of surplus flesh, Major Rell G. Allen, of the Fourth Regiment, Ohio Infantry, United States Army, arrived home on the 5:43 B. & O. train, or several hours earlier than he was expected, taking his friends generally by surprise.

Major Allen left El Paso, Texas, Saturday morning and came home by way of New Orleans, reaching New Orleans Sunday night about 8:30 and left that city for home Monday morning, completing the long journey without mishap.

Major Allen is home on a 30 days' leave of absence, his presence here being necessary in order to qualify for Probate Judge, to which office he

was elected while with his command on the border. He will qualify and assume office Friday of this week, and in all probability will remain here without further interruption unless new developments of a serious nature develop.

If the Ohio troops return from the border within the next 30 days Major Allen will not return to the border to accompany the troops home, but will join his command probably at Detroit if the troops are mustered out at that point, and be mustered out with his command.

Major Allen left all of Company M. in good health, with comfortable surroundings, plenty of good food and, at the present time, a limited amount of drilling and work.

Because of his judicial training and ability to deal with men, Major Allen was early appointed Judge of the Summary Court, 11th Division, and sat at the court over some 20,000 men, passing judgment in a large number of the cases.

Since his return to the city he has been warmly welcomed on all sides by friends who are pleased to see him after his long absence.

Fite wore the coat (and card) to the Fish and Game Association meeting and from thence home before he discovered the red "danger" card and removed it. He is now looking for the man who pinned the card to his coat.

## BAND CONCERTS AND LECTURES TO FEATURE BIG SHOW

Band concerts each morning, afternoon and evening will feature the big Mid-Winter Grain Festival and Auto Show which will be held in the Tabernacle building the week of Feb. 19 and in addition to this attraction, a number of widely known experts in various lines will lecture on various subjects during the night sessions of the show.

Miss Anne McGregor Payne skilled teacher of Domestic Science, who is to judge the Domestic Science and Fine Arts exhibits, will lecture at 8:30 p. m. Wednesday night, Feb. 21.

Thursday afternoon at 2:00 o'clock J. R. Clark, Director, of the Junior contests in the state, will speak.

Friday afternoon at 3:00 o'clock, Clark S. Wheeler, Director Extension Service, College of Agriculture, will speak.

Saturday, 10:00 o'clock, W. H. Palmer and Treva Kaufman, in charge of the Boys & Girls' Club work of the O. S. U. will give talks on pigs, poultry and home making clubs.

The corn will be judged by Prof. R. G. Wiggins and W. F. Bruce.

## WAS "QUARANTINED" BY HIS FRIENDS

A joke extraordinary was perpetrated upon Mr. Ed. Fite Monday night when some of his friends attached a diphtheria quarantine card to his coat which was hanging conveniently in the council chambers while he was attending court.

The card was picked up from a bunch on the Health Officer's desk and Mr.

## FIFTY-THREE FROM FAYETTE ATTEND

Of the 4,000 persons who attended the fifth annual Farmer's Week program held at the O. S. U., last week, 53 were from Fayette county.

Those attending were: F. E. Elchberger, L. H. Mark, Arthur Stanton T. A. Jones, Frank M. Kennedy, Hiley Wood, Byron Wood, Howard Allen, Mrs. Harley Wood, Annabelle Allen, Jane Allen, Florence Jones, Violet Russell, Ruth Zimmerman, Mrs. F. R. Zimmerman, Gertrude Coin, C. H. Long, J. G. Williams, Tully C. Coin, C. L. Creamer, U. G. Creamer, G. L. Kirk, C. C. McCoy, Elmer F. Zimmerman, Ruben Rankin, Ray E. Fisher, Raymond Zimmerman, Robert King, Joseph Harman, Oran W. Ellis, Hugh Rogers, J. W. Lewis, D. F. Osborn, Bertha Larrimer, Fred C. Jones, Chas. Porter, Mrs. F. E. Elchberger, N. W. Bussert, Howard Hagler, Richard H. Kill, F. B. McCoy, Albert Vannorsdal, G. R. Henshaw, A. B. Clifton, H. L. Spray, C. M. Clifton, Wm. Eckert, A. D. Ritenour, Clarence O. Allen Leroy Blessing A. G. Blessing, C. A. Jackson

## TOLL LINES WILL SIDETRACK PRIVATE FOR FEDERAL USE

Both the Bell Telephone Company and the Ohio State Automatic Telephone Company have received orders to place Government messages before everything else in case of necessity for their use.

These orders have been promulgated down the line to the most remote toll station of the telephone companies, and will be carried out to the letter, government business superseding all other.

This order was issued Saturday night and will remain in force indefinitely. The same order was issued when mobilization of troops for Mexican service was under way.

This indicates the precautions which have been taken by the government to aid in turning loose the dogs of war at a moment's notice, and starting the machinery of the nation toward preparing for any eventuality.

## PITIFUL CASE IN THE PROBATE COURT

One of the most pitiful cases coming under the observance of the Probate Court in recent years was presented Wednesday morning, when Cecil F. Wood, aged 23 years, an invalid since he was six months of age, was adjudged insane and committed to the State Hospital at Columbus.

The young man was absolutely helpless and it was necessary to carry him from place to place, fasten his clothing about him, and treat him with the same care given a child of two years.

The young man was from north of Bloomsburg, and had been cared for by his patient mother and father until recently, when the mother died and it was necessary to make other disposition of the helpless young man whose mental faculties had never developed.

## COAL ARRIVES FOR PUMPING STATION

A car of coal arriving Tuesday night for the Washington Water Company, the dire necessity of confiscating a car load of coal was avoided, although all arrangements had been completed by Mayor Oster for such an emergency act.

The coal will be sufficient to last the Pumping Station for many days, and further shipments are expected by the time the present supply is exhausted.

### OBITUARY

William D. Sanderson, son of John C. Sanderson and Margaret Smith Sanderson, was born in Fayette county, Ohio, December 5, 1849, and departed his earthly life January 23, 1917, at his home in Washington C. H., aged 67 years, 1 month, and 18 days.

He was one of a family of ten children, being three brothers, Simon P., Alexander, and Jacob H., each having preceded him to their reward; six sisters, Sallie M. Coil, who resides at Milledgeville, this county; Nancy E. Boring, of Milford, Ohio; Serena A. Sanderson, of Cedarville, Ohio; and Margaret A. Dingus, Elizabeth White and Louise McFarn, all deceased.

William Sanderson spent a greater portion of his life as a resident of Fayette county; he was well known throughout the city and county, and was a familiar figure around the Memorial Hall, where the boys of '61 to '65, gathered to renew acquaintances and recall events of the Civil War.

When but sixteen years of age he enlisted in the services of the Union Army, being a member of Company G, 192nd Regiment O. V. I., and remained in the services until the close of the war.

Nine years later, December 16, 1874, he married Martha A. Jones, who survives him, and unto this union five children were born, namely: Charles W.; Ellsworth, and a daughter, Mollie E. Compton, all of this city; Orville P. Sanderson, of Middletown, Ohio; and Roy Q., who was the victim of a railroad accident which resulted in death.

He was a student of current events and kept himself well posted upon all the important subjects of the day; he was compelled to spend the past several years in this manner owing to his weakened physical condition, which would not permit of arduous labor.

His home life was pleasant, he was jovial, kindhearted, friendly and always ready to lend a helping hand to family and friend.

He maintained a high conception of his moral obligations and duties, and ever since his affiliation with the Methodist church, at the age of 18 years, he exemplified that high standard throughout his entire life.

The loss to wife and children is a severe one, while the neighbors and friends, who held him in high esteem, will likewise share proportionately.

### Card of Thanks

We desire to extend our sincere and heartfelt thanks for the sympathy, words of condolence and loving kindness shown us in our late sorrow and bereavement.

Mrs. William Sanderson and Family.

### FOR COUGH, COUGHS AND COLDS

A. Baxter, Wheeler, Wise, says: "For ten years we have used Foley's Honey and Tar in our family and consider it the best cough medicine on the market, especially for children, as they like to take it." Contains no opiates; safe for babies; effective for adults. Checks croup; stops coughs; relieves colds. Blackmer & Tanquary.—Adv't.

# TABERNACLE CAMPAIGN IS NEARING END

Committee Believes Citizens Will Contribute Liberally to Free Will Offering to Pay Evangelist and Party to Be in Ohio One Year.

Five weeks of the Bromley Evangelistic campaign in this city have gone by and in that time some 1200 persons have hit the trail Church members have a new vision of things spiritual; hundreds of homes in Washington have been touched by the influence of the revival and the campaign has been a power for great good.

New Bible classes have been formed and a strong effort is being made to conserve the work that has been started, and the campaign is in what is expected to be the greatest week of all.

The finances for the campaign were raised more than a week ago with comparative ease. The money raised thus far at the tabernacle has been used for the current incidental expenses of the campaign.

Dr. Bromley brought his corps of workers into Washington Court House without a salary contract, and thus far has not been paid anything for his services here. His only remuneration will be the offering by the people.

Dr. Bromley has a payroll of nine persons and his expenses for salary and incidentals, is very heavy.

Dr. Bromley has surrounded himself with a party of efficient and skilled workers in their respective lines. They will probably never again work in a city as small as Washington.

An offering for Dr. Bromley and his party will be received this week and the committee in charge is hoping that this offering will be one of which the city and community will be proud.

### IN OHIO FULL YEAR

Evangelist Henry W. Bromley has decided to spend the rest of the evangelistic year in this state and the Brainard (Minnesota) date has been transferred to September. The result is that after the Dayton tabernacle meeting the Bromley party will go to Newark, Ohio, where a campaign will be held. Fifteen of the largest churches of Newark have sent a call to Dr. Bromley and requested him to hold a campaign in that city.

Arrangements are now being made to run an excursion from Washington to Dayton while the campaign is on there and this campaign will likely be run during the first two weeks of the campaign.

### GRUBBS SENT TO DAYTON

Carl Grubbs who was employed by the Bromley party here, has been sent to Dayton. He is assisting Mr. Shaduck in the construction of the tabernacle.

## PURITY TALKS A LEADING FEATURE

The series of "purity talks" given by Prof. Myers at the Y. C. M. A. is proving one of the most important features of the Bromley campaign.

The subjects are handled in a way that can only promote and develop clean living and clean thinking among the men and boys.

### HAWAIIAN EMBROIDERY HAS JUST ARRIVED

### SPORTY EFFECT

All sorts of pongees and shantung are popular for sport togs. This young lady makes her hit, however, with a Chinese silk sailor banded with a strip of Hawaiian embroidery. The medallion is adorned with a cut leather tassel quite appropriately.

There will ample opportunity this week for boys and men of every age to attend.

Following is the schedule: Boys, 10 to 15 years, Wednesday evening at 6:45 o'clock. Young men, 16 and up, Thursday evening at 6:45; Fathers, Friday evening at 6:45.

## ANGEL OF DEATH SUMMONS YOUNG WOMAN

Following many days of anxiety during which hope gradually lessened, shortly before eight o'clock Tuesday evening, the death angel shadowed the home of Mr. and Mrs. Levi Reeder on West Market street to bear into the eternal realms the beloved elder daughter, Ethel.

For some time Miss Ethel had not been strong, and, while possessing indefatigable spirit, was too frail to combat complications which followed the grippe and a nervous breakdown.

Her death is sad beyond the usual—in the glory of young womanhood, with so much of possible joy in life to sacrifice, so surrounded by affection, readily evoked by the lovely, gentle disposition that had marked her whole life.

Coming from Sabina some six or seven years ago Miss Reeder made a place for herself from the start. For several years she has been connected with the ready-to-wear department of Craig Brothers store and, thoroughly competent, always bright, responsive and interested, won both business recognition and personal friendship, every one who knew her appreciated and liked her and the grief which follows the first break in a happy home circle and the loss of a devoted daughter and sister, is shared by, not only the friends of her intimacy, but by many whose regard she had probably not realized.

Much sympathy goes out to the family, the only sister, Miss Cecile and four brothers, Chas. M. Reeder, of Sabina, Eugene L., of Drumright, Okla., Clyde, of Maxville, Fla., and Euleas, of this city.

The children are all at the home, with the exception of the brother in Florida.

Add to Reeder death

Funeral services tomorrow afternoon at 2 o'clock at the M. E. Church conducted by Rev. Frederick E. Ross and Rev. A. P. Cherington. Interment in Washington cemetery.

## CONFERENCE WILL BE CALLED FOR DISCUSSING ROUTE

Cincinnati, O., Feb. 7.—The effort of the Cincinnati Automobile Club for highway improvement and connecting up the roads through Wilmington, Washington C. H., Circleville, Lancaster, Cambridge, Zanesville, thence to Wheeling and Pittsburg is meeting with general approval of leading citizens along the entire line of the proposed road.

Mr. Tom M. Morgan, who is in charge of the work, has heard from a great many people and the citizens are unanimous in their approval. It is proposed to call a general meeting of the representatives from the various counties for the purpose of forming a permanent organization. This meeting will be called in the very near future.

## ASKS FOR DIVORCE CRUELTY CHARGE

In the common pleas court of Licking county, Sabina Morrison has instituted proceedings against Roy L. Morrison, asking for divorce custody of child and alimony.

The plaintiff charges the defendant with extreme cruelty, and neglect, claiming that he struck her and had threatened to kill her, finally driving her from home. Defendant is employed in this city, according to the plaintiff, Jos. W. Horner represents the plaintiff.

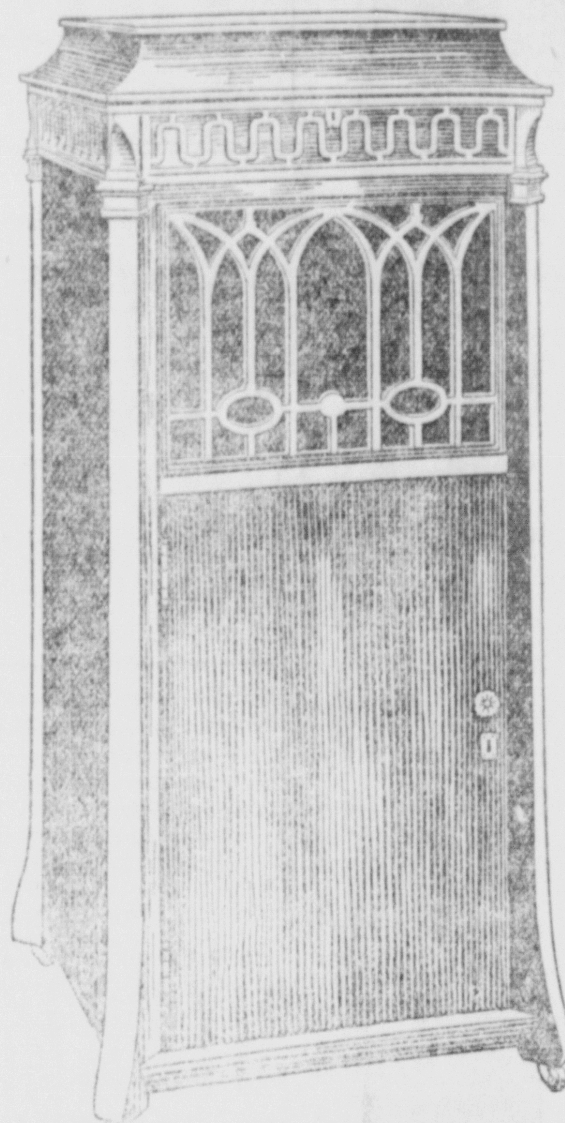

## AN AGED WOMAN

Tells How Vinol Made Her Strong

In her eight-second year Mrs. John Wickersham, of Russellville, Pa., says "I was in a run-down, feeble condition and had lost flesh. A neighbor asked me to try Vinol, and after taking two bottles my strength returned; I am gaining in flesh, it has built up my health and I am feeling fine for a woman of my age, so I get around and do my housework."

The reason Vinol was so successful in Mrs. Wickersham's case was because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened rundown system and create strength.

Blackmer & Tanquary, Druggists, Washington C. H., O., also at the leading Drug Store in all Ohio towns. Advt.

is not a talking machine—It recreates music—It makes songs that have been sung, and melodies that have been played, live again in all their warmth and vibrant beauty.

## THE NEW EDISON SUMMERS & SONS.

### ATTENTION!

The ladies of the Home Missionary Society of Grace Church are requested to meet Friday night at 7 o'clock to march in a body to the Tabernacle for Missionary night.

### POSTPONED

On account of Mother's Day at the Tabernacle the regular meeting of the R. C. will be postponed until Thursday, February 15. See Classified Columns.

# COLONIAL TONIGHT

THOS. H. INCE PRESENTS THE EXTRAORDINARY FEATURE

# THREE OF MANY

Full of red blooded dramatic action, strong hearted interest and genuine appeal. A compelling visualization bordering on spectacular, of battle horror and human problems. With the battlefield as a background a drama revolving around two men and a woman has been worked out of real force and intensity.

Featured in this wonderful production is

## Clara Williams

whose wonderful acting has won for her the admiration of all film fans, plays the part of a Red Cross nurse. She is the kind of a girl you will never want to forget.

First show 6:45. Second 8:00. Admission 10c

## Notice!

First show tonight will be out in time to attend meeting at the Tabernacle. There will be no matinee Thursday, as advertised on account of the Mayor's proclamation of Mothers' Day.

# Rexall Analgesic Balm!

BRINGS COMFORT

What is more uncomfortable than a clogged-up breathing apparatus? A small portion of Analgesic Balm as large as a pea inserted up each nostril will open up the air passages in a fifty and you will have comfort. It is helpful in all catarrhal and congested conditions. A splendid local application for headache, head colds, nasal catarrh, neuralgia and rheumatism. An agreeable ointment put up in collapsible tubes.

# WONDERLAND TODAY AND TOMORROW.

# Mary Pickford IN Hulda from Holland

Mary Pickford has been starred in characterizations of many picturesque nationalities, but her interpretations of 'Hulda, from Holland' has never been surpassed in humor and genuine heart appeal. Though there is a great deal of tender pathos in Miss Pickford's little Dutch girl there is so much that is comic in her interpretation of the role, and there are so many delightful little episodes in which three adorable children ably assist the Star.

## NO MATINEE TOMORROW

as advertised, on account of its being Mother's Day Evening shows 6:30, 7:45, 9. Admission 10c and 15c

Some Encouragement

Later reports from Berlin announcing the disposition of the Germans to regard our protestations of friendship as sincere, that the German people reciprocate the friendly feeling that the United States has expressed leads, both the people of this nation and the German empire, to hope that, notwithstanding the breaking off of diplomatic relations between the two governments, an armed conflict may be avoided.

Both in Berlin and all parts of the German empire American citizens are treated these reports state, with the utmost respect. No act of hostility or even of unfriendliness has been reported to the authorities.

The bond of friendship between the German people and the people of the United States is a very strong one—no better evidence of that could be furnished than the very conditions existing at this time both in Germany and the United States.

It seems strange that in view of the existence of those firm bonds of friendship the Prussian military autocracy can plunge the German people into a conflict of its own deliberative planning and execution.

Perhaps after all the voice of the German people will make itself heard even by the warlords of the ruling family and officials.

The government at Washington and the American people are much encouraged to hope so.

His Honor, the Hog

The price of hogs continue to climb up higher than all previous record prices.

Small fortunes have been made and are being made right along in hogs and the prospect is for higher prices even than those of the present for the men who raise hogs.

Hogs are easily now the most valuable product of the farm. Weight and inches considered they bring more "on the hoof" than any other live stock and when the quick maturity is taken into consideration it will be appreciated that the hog on the farm in these times means more to the farmer than owning a corner lot on Broadway New York does to the real estate man.

His "porkship" is the most popular visitor to the big markets of the land these days.

Why should the price of hogs reach such an unprecedentedly high figure? Well, there are a number of reasons advanced but upon no one of them will the theorists agree. The most plausible is the shortage of supply. The remarkably high price offered for corn during the last two years encouraged a great many growers to wagon their corn to market and not take chances on feeding.

That course reduced both the number of hogs and the supply of corn. The result was that the hogs that are left command higher than all former top prices.

We must bear in mind though that it costs a great deal more to feed the hog now than it did a year or two ago and that while the man who "takes his pigs to market" does very well thank you, he is compelled in turn to pay big prices for his feed.

House Favors the Quail

By a big majority the "sportsmen" of the state have lost, in the legislature, their fight to prevent the further safeguarding, by law, of the life and liberty of Bob White and his family.

By placing the quail on the song bird list the protection will become permanent and that the lower house has done by a big vote.

The fight lost in the house, however, will be renewed in the senate and, lost there, may be carried to the governor asking him to veto the law which would protect the quail.

The members from the rural districts in both house and senate are a unit in supporting the protective legislation which the urban members are almost solidly opposed, insisting that we have an open season.

The farmers in the great agricultural sections have no doubt as to the real value of the quail. Preservation of the quail is not entirely a sentiment in the rural districts. It's more of a business proposition. Experience has demonstrated that the quail is indispensable on the farm.

The question that the law making power of the state has to decide then is which is of the greater importance—the farmer's business or the pleasure of the city "sportsman."

That should not be a difficult question to decide. The few sportsmen can manage to get along without one pleasure but neither the farmer of the agricultural section nor the consumers in the city can well get along without good crops.

Poetry For Today

GOD BLESS OUR PRESIDENT

God bless our President!  
Bending us to Thy will,  
Quell Thou the turbulent,  
Making all clamor still.  
One in belief,  
One in our hope and aim  
For our loved country's fame  
Fuse us in patriot flame.  
God bless our chief!

God bless our President!  
Give him to rule in peace  
States, by late passion rent,  
He, by Thy holy grace  
Holdeth in fief;  
And in his triumph's hour  
With thy most precious dower—  
Justice that tempers power—  
God bless our chief!

God bless our President!  
As Thou hast blessed our soil  
And in Thy mercy sent  
Harvests of wine and oil  
And ripened sheaf,  
With strength and fortitude  
Best to conserve this good,  
Under Thy Fatherland,  
God bless our chief!  
—Philadelphia Evening Ledger

Weather Report

Barrie and "Peter Pan."

The birth of J. M. Barrie's play, "Peter Pan," was full of romantic interest. Barrie had agreed to write a play for Frohman and met him at dinner one night at the Garrick club in London. Barrie seemed nervous and ill at ease.

"What's the matter?" said Charles.

"Simply this," said Barrie. "You know I have an agreement to deliver you the manuscript of a play?"

"Yes," said Frohman.

"Well, I have it all right," said Barrie, "but I am sure it will not be a commercial success. It is a dream child of mine, and I am so anxious to see it on the stage that I have written another play which I will be glad to give you and which will compensate you for any loss on the one I am so eager to see produced."

"Don't bother about that," said Frohman. "I will produce both plays."

Now, the extraordinary thing about this episode is that the play about whose success Barrie was so doubtful was "Peter Pan," which made several fortunes. The manuscript he offered Frohman to indemnify him from loss was "Alice Sit-by-the-Fire," which lasted only a season.—Charles Frohman, Manager and Man.

Married Money.

"Glad to see you looking so well, old man," said the friend of a newly made benedict. "This is the first opportunity I have had of offering my congratulations on your recent marriage. From the look of things I guess you've married money. Well, it was the right thing to do. That shop walking berth of yours must have been awfully boring. Is she in? I should like to be introduced."

"Oh, she's at work," said the husband, with a playful smile.

"At work? What do you mean?" asked the friend.

"Well, you see, it was this way," replied the benedict. "She had a much better position than mine—head of her department, IS a week. Wouldn't give it up. So there was nothing for it but for me to retire from business and keep house, and here I am, you see. You have to let women have their way in some things."—London Tit-Bits.

In rounding a curve the tendency of the weight of a train is invariably to shift to the outside wheels. To counteract this tendency the outer rail of a curve is raised on a higher level than the inside, the elevation being in an exact proportion to the sharpness of the curve as determined by the principles of engineering. If both rails of a curved track were of exactly the same elevation a train would not dare round it at high speed.

SENATORS CALL ON GOVERNOR

Assure Executive of Desire to Expedite Legislative Work.

By Associated Press Dispatch.

Columbus, O., Feb. 7.—Democratic members of the state senate called on Governor Cox in a body this morning following the example of Republican senators who last week paid a social call on the governor.

The senators are said to have informed the governor that they would do everything possible to expedite the business of the session.

The Sprague bill, providing for an appropriation of \$90,000 for the erection of a hospital for the treatment of deformed and crippled children, was expected to pass the house this afternoon.

The Terrell bill, to exempt Christian Science practitioners from medical laws of the state, was up for passage in the Senate this afternoon.

Resolutions proposing the constitutional amendment to be submitted to the voters next November providing for a consolidation of city and county governments in the more populous counties of the state were scheduled for introduction in the house this afternoon by Representative Parrott of Fayette county, and in the Senate by Senator Mooney, of Cuyahoga.

The Cleveland civic league officials are said to be behind the resolutions, urging them in the interest of reducing the high cost of government.

It is interesting to note that on the very day this dual affront to two neutral nations was perpetrated, a German wireless press message was boasting of the consideration shown by Germany to the interests of neutrals.

NO RETREAT FROM PLANS

(By American Press)

Berlin (Via Sayville Wireless), Feb. 7.—Secretary of State Helfferich. In an interview with the correspondent of a Norwegian newspaper, declared that neutral nations would have to suffer in some respects from Germany's submarine war.

"We consider the submarine an efficient means of shortening the war," said Dr. Helfferich. "We expect to break for now and all time England's tyranny on the seas. Certainly neutrals will have to suffer in some respects from the submarine war."

"You can be sure that the difficulties caused to your country by our submarine war will be little compared to those caused by England," he continued. "Ask your own countrymen by what brutalizations England coerces Norwegian ship owners to carry contraband; how with all its means it strangles the Norwegian fishing industries, how it paralyzes Norwegian industries by holding back coal. We shall do everything in order to diminish these difficulties. As to the submarine war there is no way back for us. We shall go the way which we choose until the end, and we are convinced that neutrals later on will be thankful to us for this."

Bankers Draw Seven Years.

Cincinnati, Feb. 7.—Charles H. Davis and Elmer E. Galbreath, former presidents of the Old Second National bank of this city, were sentenced to serve seven and one-half years in the Atlanta penitentiary by United States District Judge Rater. Both Davis and Galbreath were convicted recently on a charge of having violated the United States banking laws. The case will be appealed.

Power Propelled Vehicles.

Experiments in power propelled vehicles date back to 1770, when Joseph Cugnot, a French engineer, built the first automobile. He constructed a steam automobile that hauled two and one-half tons three miles per hour, and this vehicle is still preserved in form of a model in France. In 1802 the first practical steam automobile was built by Richard Trevithick of England, using a crank shaft for the first time and driving by gears from the engine to the road wheels. In 1821 Julius Griffiths of England gave us the first comfortable steam vehicle, the first vehicle to have a coach design of body, with seats carried on springs, as we know them today. In 1831 Sumner & Ogilvie of England built a three wheel tubular boiler and two cylinder engine, which attained a speed of thirty-two miles per hour. The first motor vehicle to regularly carry passengers for hire was built by Walter Hancock of England in 1834. The motive power was steam.—New York Times.

Laura gazed intently at some sardines lying in an opened can.

"What seems to interest you?" her mother asked.

Pointing a pudgy finger, the little girl answered:

"I was just thinking what a lot of trouble that middle fish would have if it wanted to turn over."—Youngstown Telegram.

THE WAR LORD

PERUVIAN VESSEL SUNK

According to British Statement Tragedy Occurred in Spanish Waters.

(Associated Press Cable)

London, Feb. 7.—The Peruvian sailing vessel Lorton, while on a voyage from Callao, Peru, was sunk by a German submarine on Monday inside Spanish territorial waters, according to a British official statement issued today. The official announcement says:

It is interesting to note that on the very day this dual affront to two neutral nations was perpetrated, a German wireless press message was boasting of the consideration shown by Germany to the interests of neutrals.

WOULD INJURE ALLIES' CHANCE

(By American Press)

Washington, Feb. 7.—Several of the allies' representatives let it be known that they entertained a growing fear that Germany deliberately precipitated a break with this country in order to hold American munitions and supplies here, thus cutting off imports to the entente probably more effectively than any single step that the central powers could take. They do not conceal their fear that military precautions may force the United States to keep at home at least a considerable part of supplies now going abroad. Such an outcome, they say, would more than compensate for a mere break in relations from the German viewpoint.

Power Propelled Vehicles.

Experiments in power propelled vehicles date back to 1770, when Joseph Cugnot, a French engineer, built the first automobile. He constructed a steam automobile that hauled two and one-half tons three miles per hour, and this vehicle is still preserved in form of a model in France. # "PAY UP AND GET SQUARE WITH WORLD"

Evangelist Bromley Urges Trail Hitters to "Come Clean"—Tabernacle Well Filled and Strong Sermon Features Tuesday Night Service.

With a tabernacle well filled with people Tuesday evening, Dr. Bromley preached a strong sermon from First Timothy, 4:7. A large delegation of business men of the town turned out to attend the services. Many young business women attended the meeting in a body.

Before the preaching services Dr. Bromley complimented the Mayor for signing the proclamation setting apart Thursday of this week as "Mother's Day" for this community and in which he honors the business houses to suspend business for two hours so that the people employed by them might attend the special Mother's Day services at the tabernacle, which will start at 2 o'clock.

There was an appeal for trail hitters at the close of the services and more than a dozen responded. Dr. Bromley's sermon was one of the most convincing of the entire services so far. "Some people live in the element of the hog," he said. "There is the best for them but they are somehow satisfied with it of life."

"There are many people who take very good care of their body. They clothe it well, they attend to its cravings for food but at the same time they starve their soul. Their poor hungry soul, it is in worse condition than the Belgians at this time. We worry much about our body and give no attention to our soul."

"Did you ever stop to realize that life values are held up by Christianity? It is Christianity that moulded the policies of the United States. Humanity is moulded by Christianity. The fatalist and the Oriental who worship idols do not place a value at all upon the human soul. It is only the Christian that does."

Another thing that should be done and that is to gobble up Turkey who has for the last decade been persecuting the Armenians, and Palestine must be given to the Jews.

"Our memory is a store house of knowledge and if we only knew how much we had stored up there we would die of a swollen head."

"Once in a while a fellow comes along and says he is going to turn over a new leaf and live a good life, but how about your old debts? No one does business that way. If any merchant has an account against you, you can't get him to simply to turn over a new leaf and have him forget the old debts but you must pay the old bill, clear up the old ledger. It is imperative."

"Some folks think that God should come after them in a limousine and that God should congratulate himself if they come to Him. I tell you that it matters not if you are wealthy or influential you must all come the same route and wealthy man and hobo must come to the foot of the cross. There is but one way."

"If you break your watch you don't go to the butcher shop to have it mended and you don't take a broken Ford to a millinery store. When you need salvation you must come to Jesus."

"To have your sins washed away you must come under the blood. That is a job for a God and that is no man's job. You must be born again. When you are born again the devil may point his finger at your past life but you should worry."

"God will clean up anybody who come to Him. It is possible for all of us to have the dwelling of God. Some of you have been searching for happiness in the wrong place. You have been looking in the card deck; in the news in the wrong place. You have it can only be found in giving your heart to God."

"Have you ever thought of it, that the great men of this nation are devout Christians? The influential business men are Christians. Such men as J. P. Heinz, John Wanamaker, Hayler, Colgate, Kellogg, they are all Christian men. The successful men of this world are Christians."

## PERSONALS

Mr. Charles Sheridan made a business trip to Cincinnati Wednesday.

Mrs. John Wigginton is quite ill with an attack of rheumatism.

Mrs. George C. Jenkins is now convalescent after a long and serious illness.

Walter Free, of Good Hope, has returned to his studies at Miami University, after a short visit at his home.

Mr. R. C. Peddicord is attending the National Cannery Association in Cleveland.

Mr. R. O. Young has returned from a two weeks business trip to New York.

Mrs. Frank Snyder and Mrs. Frances B. Mitchell are spending the day in Springfield with the latter's parents, Mr. and Mrs. Dan Baker.

Mr. Paul Dunn returned to his position in Columbus the first of the week after a visit with his parents, Mr. and Mrs. Robert Dunn.

Mrs. Jess Persinger and Mrs. H. T. Wilkin spent Wednesday in Columbus to see Cohen and Harris in "The Trail Holiday" at the Hartman.

Mr. and Mrs. Al Martin left Wednesday afternoon for Asheville, N. C., where Mrs. Martin expects to remain a couple of months to take treatment under Dr. Stephens. Mr. Martin returns the last of the week.

Mr. and Mrs. Fred West went to Cincinnati Wednesday morning to see the Russian Ballet. Mrs. West will remain over Thursday to hear Prof. Haller, of Harvard University in an address to the Deama League.

Mrs. Walter Thompson and little daughter, Willa Jane, left the Fayette Hospital, Tuesday afternoon, to go to the home of Mrs. Thompson's mother, Mrs. W. R. Smith. Mr. Thompson left Tuesday evening for a few days visit at his Fruitdale farm.

Mrs. George Bybee and trimmer, Miss Ellen Denniwick went to Cincinnati, Tuesday to attend Spring millinery openings. Miss Denniwick enters the wholesale millinery houses for the trimming season while Mrs. Bybee returns in a day or two.

Mrs. Frank Bending was called to Circleville Tuesday by an accident suffered by Mr. Bending's mother, Mrs. Sarah Bending. The aged mother up in the eighties, fell a few days ago, the ligaments in one limb torn in the fall.

Mr. and Mrs. Mart G. Morris and two children are at the home of Mrs. Morris' parents, Dr. and Mrs. D. H. Rowe, in the interim between breaking up housekeeping on the Johnson farm at Austin and occupying the Bostwick property on E. Market street vacated the past week by Mr. C. U. Armstrong and family. The Morris

sale at Austin last week was one of the biggest of the year in this section.

Mrs. Anna Morgan is in Cincinnati attending the millinery openings.

Miss Ruth Baughn of Dayton, is visiting relatives and friends here.

C. U. Armstrong was a business visitor in Circleville and Columbus, Tuesday.

Miss Cora Belle Dean of Markey, Mich., will arrive Wednesday evening to take charge of the voice department of Stinson Conservatory of Music. She will also conduct oratorical choral work. Mrs. Stinson has ordered a department of public school and she guarantees an position to any one who finishes the course. Miss Dean graduated in the voice department of Valparaiso Indiana Conservatory and carries three diplomas from that school. She comes highly recommended.

## IN SOCIAL CIRCLES

Mrs. D. L. Thompson extended delightful hospitality to the luncheon club, Wednesday, her spacious home offering most inviting contrast to the snowy white outside.

The Ladies Guild of St. Andrew's church enjoyed the regular meeting and Kensington with Mrs. W. A. Tharp this week.

The hostess served a tempting collation.

The Daughters of the American Revolution always honor Washington's Birthday with an anniversary party on the twenty-second of February and this year are planning for quite an elaborate affair, for which the federated club rooms give added opportunity.

The members of the Board, Messdames Woodward, Daugherty, Crawford Waddell, Maynard, Misses Allen and Howat will act as hostesses and are planning for a Colonial tea, of distinctive features and attraction, including a musical program.

Many of the Daughters expect to wear Colonial costumes and the club rooms will present a charming picture of Colonial days.

The chapter expects to invite a number of guests and a silver offering from members and guests alike will be welcomed.

The marriage of Mr. Sidney Katz, manager of the Katz Store in Chillicothe, and Miss Rae Basch, daughter of Mr. and Mrs. Frank Basch, of Columbus which occurred at the home of the brides parents on Monday, is eliciting the best wishes of the many Washington friends of the bridegroom.

The marriage ceremony was performed by Rabbi Joseph S. Kornfeld, and witnessed by twenty-five guests. An elaborate dinner followed.

Mr. and Mrs. Katz left at once on an eastern trip. Upon their return they will reside in Chillicothe.

## CHRISTIAN SCIENTISTS CIRCULATE PETITIONS

Christian Scientists of this city are circulating petitions in support of the Terrell bill introduced in the senate. The petition asks that section 1286 of the General Code be supplemented by adding section 1286-1, providing that the practice of those who endeavor to prevent or cure disease or suffering by spiritual means or by prayer shall not be considered the practice of medicine.

## SUFFERS SEVERE FRACTURE OF ARM

Mr. H. R. Rodecker sustained a very severe fracture of the right wrist, Tuesday, while endeavoring to crank his automobile while in Bloomingburg looking after business interests.

Both bones of the wrist were fractured and one of the small bones dislocated at the wrist joint. The fracture will prevent him using the arm and hand for several weeks.

## LYCEUM NUMBER THURSDAY NIGHT

The fifth number of the Washington Lyceum Course is Thursday night, Dr. Lincoln Wirt, back from the European battle front will give one of his absorbing lectures.

At Grace M. E. Church. Doors open at 7:00. Lecture at 8:00.

## BANKS TO CLOSE ON MOTHERS' DAY

Tomorrow, Thursday, the banks of Washington C. H. will be closed at 2 o'clock p. m. for the remainder of the day, observing the proclamation of Mothers' Day throughout the city.

## PRAYER MEETING

Thursday morning, nine o'clock, at Mrs. Kessler's home, Mrs. Ola Boyer, leader.

## ZIMMERMAN MUST PAY \$400 FINE; SMITH PAYS \$50

Four hundred dollars and the costs and 6 months in the Xenia workhouse is the sentence given to Fred Zimmerman, Octa youth who was charged with contributing to the delinquency of Clara Lones, of Milledgeville.

Ray Smith, Octa youth arrested on a similar charge, was fined fifty dollars and the costs and given thirty days in the Xenia workhouse for aiding in the crime charged.

The two young men faced Judge Geiger, in the juvenile court, Springfield, where the warrants for their arrests were issued and their hearing held, the offense charged having been committed in Springfield.

When arraigned the pair first entered pleas of not guilty, and Smith's bond was fixed at \$300 and the bond of Zimmerman fixed at \$1,000.

When time for their trials came up Tuesday they changed their pleas of not guilty to guilty and were fined as stated. The workhouse sentence in each case was suspended pending good behavior.

Smith paid his fine of \$50 and costs and was released returning home Tuesday evening.

Zimmerman was unable to pay his fine of \$400 and the costs and remained in the Springfield prison. He expected to make arrangements to pay the fine.

The young man will be remembered in this city as eloping with a high school girl and marrying her at Covington, Kentucky. His wife and one child live near Octa.

The Lones girl has been detained at the Girls' Detention home in Springfield.

A touching spectacle in connection with the case of Zimmerman was the appearance of his wife, who, amid sobs, urged the leniency of the court. Her pleas resulted in the workhouse sentence being suspended.

## MILLWOOD WOMEN ORGANIZE BIBLE CLASS

A meeting of much interest was held Wednesday morning at the home of Mrs. Wert Wilson, Briar Avenue. There were seventeen women in attendance and under the leadership of Miss Dora Cain of the Bromley staff a Bible class was organized for the Millwood district. The class is to be nonsectarian and will meet each Friday afternoon from 2 to 3 o'clock.

The following officers were chosen: President Mrs. N. B. Hall, Secretary Mrs. J. W. Lynch, Teacher Mrs. Albert Snyder.

## WASHINGTON HAS OPPORTUNITY TO WIN TOURNAMENT

Eight Basket Ball Teams Will Struggle on McLean High School Floor for Supremacy—Opening Games Friday.

Beginning Friday and continuing Saturday, will be held the first Southern Ohio interscholastic basket ball tournament at Greenfield, and the spacious gymnasium and large seating capacity makes McClain High School an ideal place for the tournament.

Eight schools will be represented; among them are, Wilmington, Frankfort, McArthur, Chillicothe, Hillsboro

Kingston, Greenfield and Washington. On Friday the first elimination contests will be held. On Saturday evening the semi-finals will be played between the four winners of the previous day, and Saturday evening the deciding game will be played. A handsome silver cup will be presented to the winning team.

Washington having been defeated by only one team this season has good chances of winning the cup. There only defeat came early in the season and since then Washington has picked up several new plays and should be able to defeat Hillsboro on a regulation floor. Washington has defeated Greenfield, Chillicothe and Wilmington and as these are the strongest teams of the league the team should be able to take care of themselves.

## MANY MEN HEAR NOONDAY LECTURE

Fully 175 men assembled at Memorial Hall Wednesday noon, for the luncheon and Dr. Bromley's address on "The Deity of Christ," the concluding lecture of the series and pronounced by many as the best of the series.

Dr. Bromley stated that Christ was either a good man or a bad man, and that even the most severe critics agreed that he was good; that he must either must have been a good man or a perfect man, and that there was every evidence that he was a perfect man, and if perfect, then he must be Divine.

Dr. Bromley quoted liberally from the scriptures in support of the Deity of Christ and convinced each one who heard him that there could be no question as to the Divinity of the Christ.

## STORES TO CLOSE 2 TO 4 THURSDAY

Virtually all stores in the city will close Thursday afternoon from two to four o'clock, in honor of Mother's Day in the series of Evangelistic meeting and appropriate service will be held at the tabernacle and the closing of stores will permit all employees of such stores to attend the services.

A carnation will be given to each mother who attends the services at the tabernacle.

## WORKMAN INJURED UNLOADING LUMBER

While assisting in the work of unloading lumber from a car back of the Dahl-Campbell warehouse Tuesday afternoon, Gede Burnett was accidentally struck with a piece of lumber and painfully, although not seriously injured.

He was taken home and is speedily recovering.

## MARRIAGE LICENSES

Ray Allison, 24, farmer, Cedarville, and Eunice Burris, 27.

## Fall Proves Fatal.

Greenville, O., Feb. 7.—Raymond Allread is dead as result of a fall he sustained when he fell from a tree which he was trimming. His back was broken.

## Frozen Body Found.

Greenville, O., Feb. 7.—The frozen body of William Shafer, sixty-five, of near New Bremen, was found by searchers, huddled in a shock of corn fodder on a nearby farm. Mr. Shafer is said to have wandered away from his home.

## Furniture Factory Gutted

Cambridge, O., Feb. 7.—Over \$125,000 damage was done here by fire which destroyed the Cambridge Furniture factory, the Guernsey Laundry company and several warehouses and dwellings. The fire started in the furnace room of the furniture factory and soon spread to other buildings. The blaze threatened the residence section.

# PARRETT GROCERY

# LOCAL VETERAN MERCHANT HOLDS DISTINCTIVE HONOR

Mr. Eli Craig, 71 Years in the Mercantile Business,  
Is One of Ten Oldest Active Merchants in the  
United States.

Mr. Eli Craig, of Craig Brothers Department Store, bears the distinction of being one of the ten oldest active merchants in the United States, having given 71 years of his life to the mercantile business and he takes as much pride in his work today as he did when a lad of 13 summers, he sold his first yard of calico in his father's store near Staunton.

Mr. Craig recently celebrated his

MR. ELI CRAIG.

84th birthday anniversary, and a few days ago received notice from the National Retail Dry Goods Association, of New York, that he is one of the ten oldest merchants in the United States. The National Retail Dry Goods Association conducted a nation-wide search for the ten oldest merchants, and having located them, endeavored to have them present in New York City, February 15 and 16, for the National Convention, extensive plans having been made for the special entertainment of the ten oldest merchants. He probably will not attend.

The honor which has just come to Mr. Craig is a remarkable one, and draws attention to the feat he has accomplished, quietly and unassuming, in the midst of the community which he has helped develop from the primitive to the beautiful garden spot and thriving community of today. No pioneer of Fayette county has been a more potent factor in the mercantile field than Mr. Craig, who was born near Good Hope, this county, on January 10, 1833, and obtained his schooling at the district school near the home of his father, David S. Craig.

Mr. Craig concluded his schooling and

beginning selling goods in his father's store in the spring of 1846. The store was a general country store with a line of dry goods and notions.

In the year 1857 he was taken into the business and the firm name was changed to D. S. Craig & Sons. After the death of his father in 1869, he continued the business under the old firm name until 1871, at which time it was changed to Craig Bros., and the

mammoth store which had its start in the little rural store more than three quarters of a century ago. After 71 years of active business life, Mr. Craig is a marvel to all who know him. With his hand on the helm, aiding in the guidance of the affairs of a business he has seen grow from the little country store to the place it now occupies in the community, he has never for an instant relaxed his grip on the affairs of the business.

At seven thirty each morning of the week Mr. Craig may be found unlocking the safe and placing the cash drawers and tills in their proper places. An hour later he is busy with the entries on the business records. And throughout the day he is a busy man, counsel is sought by all members of the firm and the employees as well. The banking is done under his personal supervision; the insurance matters are left to him; and, with a mind as clear as that of a boy of twenty, he finds the keen delight in the accomplishment of his task to be the thing which has kept him young and active throughout his 71 years of service.

Mr. Craig is a man of marked pub-

lic spirit and has always supported every movement meant for public betterment. For a great many years he has been an active member of the Methodist Episcopal church, and for more than 40 years has been a trustee of that church.

A Republican in politics he served as postmaster of Staunton for 17 years, later serving as County Treasurer, and Children's Home trustee. Unquestionably Mr. Craig's long and active life has been due to a great extent to his sterling character, conservative habits and wholesome thinking.

Even-tempered, scrupulously honest, hospitable and charitable, Mr. Craig has deservedly won a high place in the affections of the people with whom he has lived and mingled throughout his long and active career.

## THE PRICE YOU PAY

For having a cold, first the mean feeling you have, then as it grows worse the time lost from your work, then the doctor bills and other expenses. There is a way to cut the high cost of colds and become a public benefactor as well.

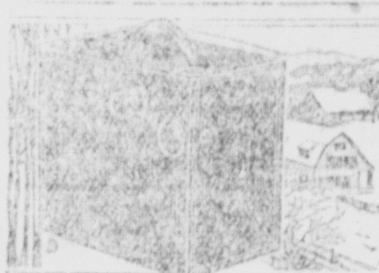

Kill the cold germs by taking Duffee's Cough Syrup. A dose taken night and morning will keep you in good physical condition and you will be able to resist taking cold and a cold will cease to be a part of your yearly history and a tax on your income. It is pleasant to take and only 25c for a 6 oz bottle, ask your grocer for it.

7:30 p. m. Preaching at the tabernacle. Missionary Societies of the churches will attend in a body.

6:45 p. m. All those who have been called to Christian service will meet in the prayer room.

SATURDAY—Afternoon meeting for women only.

## DEFENSE BILLS STRENGTHENED

Large Increases Made In  
Appropriations.

### LEGISLATION TO BE PUSHED

Additional Sum of \$15,000,000 Written Into the Annual Naval Bill, While the Army Measure Carries a Total of \$247,000,000—Fortifications Bill All but Law—New Act Against Conspiracies.

Washington, Feb. 7.—Big increases were made to national defense appropriation measures in congress.

The house, completing the annual naval bill, wrote into it additional appropriations totaling \$15,000,000, of which more than \$5,000,000 is for armament for merchant auxiliaries of the fleet and nearly \$2,000,000 for anti-aircraft guns to defend naval stations.

The separate administration bills, designated to expedite naval construction and aid in developing aeronautics, were put into form and introduced for consideration before the end of the week.

In the senate a bill was put through increasing the penalties for making threats against the president of the United States, and the Republicans agreed at an informal conference to support for authorization of 100 submarines in addition to those provided for in the regular building program.

While the house was debating the naval bill the military committee brought in the annual army appropriation measure, carrying a total of \$247,000,000, and including a provision requested by Secretary Baker, under which the full membership of the army general staff may be brought to Washington in emergencies to work on war problems. Among the largest items for new equipment are authorizations of \$5,000,000 for aviation, \$11,000,000 for equipment and stores of the reserve corps and \$5,500,000 for automatic machine guns for the army and national guard.

The annual fortifications bill, the most advanced of the trio of big annual defense supply measures, passed enactment when the senate approved the conference report embodying a provision against purchase of any supplies at a price 25 per cent in excess of the cost of manufacture by the government. The house is expected to approve the report in a few days and then the bill will go to the president.

Progress was made in committee of both houses on the new series of laws dealing with conspiracies against the United States and in the

Interest of foreign governments. Tentative drafts of these bills, nearly a score in number, were sent to congress several months ago by the department of justice, and after diplomatic relations were broken with Germany President Wilson requested that they be passed quickly.

## VESSELS ARE RUINED

(By American Press)  
Washington, Feb. 7.—Every one of seventeen war-bound German merchant ships examined by American officials at Philippine ports since the break with Germany has been so badly damaged by her crew that six months or more would be required to make any of them seaworthy. An official report said that of the twenty-three vessels tied up in the islands all but six had been inspected and none had been found which could be put into condition without a large expenditure of time and money.

## BRISK FIGHTING IN MESOPOTAMIA

(By American Press)

Berlin, Feb. 7.—The bloodiest fighting that has taken place in Mesopotamia since the war began is now raging between Turkish and British armies. Two thousand British were killed in one thunderbolt of fighting. The Turkish war effort announced in an official report dated Feb. 2. At one point south of the Tigris river the British succeeded in penetrating a Turkish position, but were soon thrown out.

The occupation of about 1,000 yards of German trenches by the British in the region of Grandcourt, southwest of Bagdadi, in France, is reported. No fighting was required to take the new position, the Germans offered no opposition to the British troops. On the remainder of the front in France spirited artillery duels alone have prevailed.

In Roumania quiet continues to prevail. In the Austro-Italian theater bombardments alone are taking place. On the Macedonian front, in Cerna River bend and on the Struma river lowlands there has been considerable fighting.

### AS YOU LIKE IT

Custom cutters, in convention at Columbus, O., say each man should have twenty suits a year. Browns and greens are to be spring styles.

Governor De Baca signed the measure passed by the New Mexico legislature providing for the submission to a vote of the people next November of a constitutional amendment for statewide prohibition.

Federal court of appeals at Cincinnati decided that Cuyahoga county can not collect taxes on \$311,000,000 in stocks, invested money, personal property and bonds of John D. Rockefeller, who claimed that Cleveland was a summer residence only.

## FIFTEEN VESSELS SENT TO BOTTOM

U-Boat Warfare Apparently Growing in Intensity.

London, Feb. 7.—Germany's submarine warfare apparently is growing in intensity. The latest reports show that underwater boats probably have accounted for fifteen additional vessels—seven neutral and eight belligerent—of 48,765 tons. Eight of them are known to have been sunk, one is reported to have been "torpedoed," and the others are "believed" to have been sent to the bottom.

Of the known sunken vessels, six were British, one was Spanish and one Swedish; of those supposed to have been sunk, four were Norwegian, one was British and one Russian. The vessel reported merely as torpedoed and which is not known positively to have been sunk was a Norwegian ship.

One of the British steamers torpedoed and sunk was the Port Adelaide, a vessel of 8,181 tons, which carried passengers. Ninety-six persons from her, including members of the crew, were rescued.

## WAITING ORDER FROM LANSING

(By American Press)

New York, Feb. 7.—The American line announced that the steamship St. Louis, detained here since last Tuesday because of international situation, would not sail for Liverpool "before noon Thursday." The officers of the company, in explaining their decision again to defer the vessel's sailing, asserted they still were awaiting word from the state department at Washington.

The tension in shipping circles caused by the sailing from Liverpool on Jan. 31 of the Kronland and Feb. 2 of the New York, now said to be the only American passenger ships at sea, was lessened by the announcement that both were clear of the European war zone.

The White Star liner Cretia, with 102 passengers, six of whom were Americans, sailed for Mediterranean ports on schedule time.

## BUILD 1000 PLANES

(By American Press)

Washington, Feb. 7.—Far reaching plans for immediate bringing of the aeronautical forces of the country up to a war basis were urged upon President Wilson in a communication from Rear Admiral Robert E. Peary, president of the national aerial coast patrol committee. The president was urged to increase the aerial coast patrol by 200 to 300 per cent at once. The immediate construction of 1,000 hydro-aeroplanes was suggested.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after-effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

# BOB WHITE WINS OUT IN HOUSE

## House Passes Bill For Protection of Quail.

### HOLDEN IDEA PREVAILS

Resolution Submitting Unrestricted Suffrage to Referendum Vote Passes the Senate—Rotation of Names on Ballot Favored by House Sweeping Changes in Election Laws Proposed.

Columbus, Feb. 7.—The house passed by a vote of 162 to 14 the Blausen bill to forbid forever the shooting of quail and to place the Bob White on the Ohio song bird list.

The Mulcahy bill, providing for the rotation of names on primary ballots, passed the house by a vote of 165 to 4.

The Kessler house joint resolution submitting to the voters in November a constitutional amendment restoring the old poll tax law for road improvements was reported for adoption by the committee on constitution and initiative and referendum.

The Hoy bill, to reduce requirements of registered nurses, passed the house, after heated debate, by 66 to 46—one more vote than the necessary majority. The battle next will be carried to the senate.

The bill provides that hospitals with a daily average of five patients, instead of fifteen as required now, may have nurses' training schools. It lowers the educational requisites for registered nurses from a year in high school or equivalent to merely an elementary education.

Senator Mooney of Cleveland introduced a bill making radical changes in the present election laws. It provides for quadrennial registration in the large cities instead of annual registration, substitutes the Massachusetts ballot for the party column ballot, reduces the number of election board members in each county to two, changes the time of holding statewide primaries from August to the second week in September, prohibits judicial candidates from seeking nominations in the primaries but requires them to go on the ballot by a 2 per cent petition, and permits soldiers, sailors and other absent voters to vote.

Under the Massachusetts ballot candidates are grouped under the title of the office they seek and after each name appears the name of the party which nominated the candidate.

For Equal Suffrage.

The senate adopted, 27 to 14, the Holden joint resolution to submit the constitutional amendment for full suffrage for women to a vote of the people this fall. Practically all the friends of the Reynolds presidential suffrage bill voted for the measure.

An attempt to send the Holden resolution to the committee on federal relations failed. The vote was 15 to 18 against. Senators Berry, Brown, Busbey, Cunningham, Tremper, Vollenweider and White of Sandusky voted against the resolution on its adoption. Jones of Franklin did not vote.

The senate committee on federal relations decided to hold a public hearing Thursday evening on the Reynolds bill to give women presidential suffrage. This will cause a final vote on the measure to be delayed until next Tuesday, when Senator Berry, chairman of the committee, plans to have it come up as a social order.

## Unselfish Mother Love

"Mother Love" is one of the most sacred things in the world. It prompts the mother to give her strength—her life—even—gladly—happily—that her child may be safer, happier, stronger or better in every way.

Just a food—specially prepared to aid in making red blood and strong healthy tissue—is what she needs. Then all the natural functions of the body will be easily carried on without the least sense of fatigue or drain. With plenty of red blood in her veins, mother will feel no ill effect from nursing baby.

HEMO will aid mother in supplying baby with a quantity of good quality milk and at the same time improve her general physical condition. When it is impossible to nurse the baby, secure the food most nearly like mother's milk by asking your druggist for Thompson's Food (Peptonized).

We suggest that you try a 50c package with our guarantee of satisfaction.

HAVER'S DRUG STORE.  
Washington C. H., Ohio.

The senate, 25 to 1, passed the Terrell resolution upholding the hands of President Wilson in the present crisis and congratulating Wilson, in having Newton D. Baker at the head of the war department. Senator Oberlin, Stark county, voted against it.

## RIANO SEES LANSING

(By American Press)

Washington, Feb. 7.—Ambassador Riano conferred both with Secretary Lansing and Counselor Polk regarding American interests in Germany when Spain has now taken over. He said that the Spanish reply to the German ultimatum will soon be made public, probably at Madrid. The ambassador does not believe that Spain will break with Germany. The will content herself with a strong protest, it is understood.

Spain, it is learned, probably will make no reply to the president's note to neutrals urging them to break. It is understood that King Alfonso now believes that Spain must take the lead in any movement that will make for peace, the influence of the United States having been canceled by its break with Germany.

## PROTESTS AGAINST BRINGING ON WAR

(By American Press)

Washington, Feb. 7.—Senator Works of California delivered a vigorous protest against risking war with Germany. He condemned the president's invitation to all other neutrals to join with the United States. Senator Works declared: "The president has made the first fatal move. The next step will plunge our people into a bloody conflict. With a profound sense of my own responsibility as a representative of the American people, I protest against this or any other move that tends towards war with Germany for no greater cause than has yet been given us."

"The president has been applauded for making this first move towards war. Doubtless thousands of the American people, little comprehending what must follow, would applaud congress if it should at once declare war against Germany. The public mind has been prepared for such a mad course by the unseemly and unpatriotic propaganda in favor of preparedness for war. I say keep our ships and our people out of the danger zone."

## BELGIAN RELIEF WORK WILL BE CONTINUED

(By American Press)

London, Feb. 7.—Categorical assurances from the German government that it does not intend to interfere with the feeding of civilians in Belgium and northern France were received at the local office of the Belgian relief commission. Under these assurances, it was stated, the American agents of the commission may remain in the occupied zones unless war is declared, and in that event they would receive safe conduct.

It also was stated that in event of war between the United States and Germany, the organization would continue its existence, but would discontinue the work of distributing supplies, limiting itself to unloading the cargoes in Rotterdam, at which point they would be turned over to some neutral government to be distributed.

The only hindrance to the usual course of forwarding flour to Belgium lies in the inability thus far to reach an agreement as to the routing of it through the submarine zone.

## BOLLING'S BANK ACCOUNT NEXT

(By American Press)

Washington, Feb. 7.—The personal bank account and private financial resources of R. W. Bolling, brother-in-law of President Wilson, will be examined in secret by the house rules committee to determine if he had any connection with the "leak" of President Wilson's December peace note. This was decided at a stormy session of the committee. Bolling was grilled for several hours concerning his connection with the brokerage firm of E. A. Connelly & Company of Washington, through which it has been established there was a leak. Bolling declared he did not know until after he had appeared before the committee several weeks ago that a message was sent over Connelly's wires by Fred J. Essary, a correspondent, outlining the terms of the peace document.

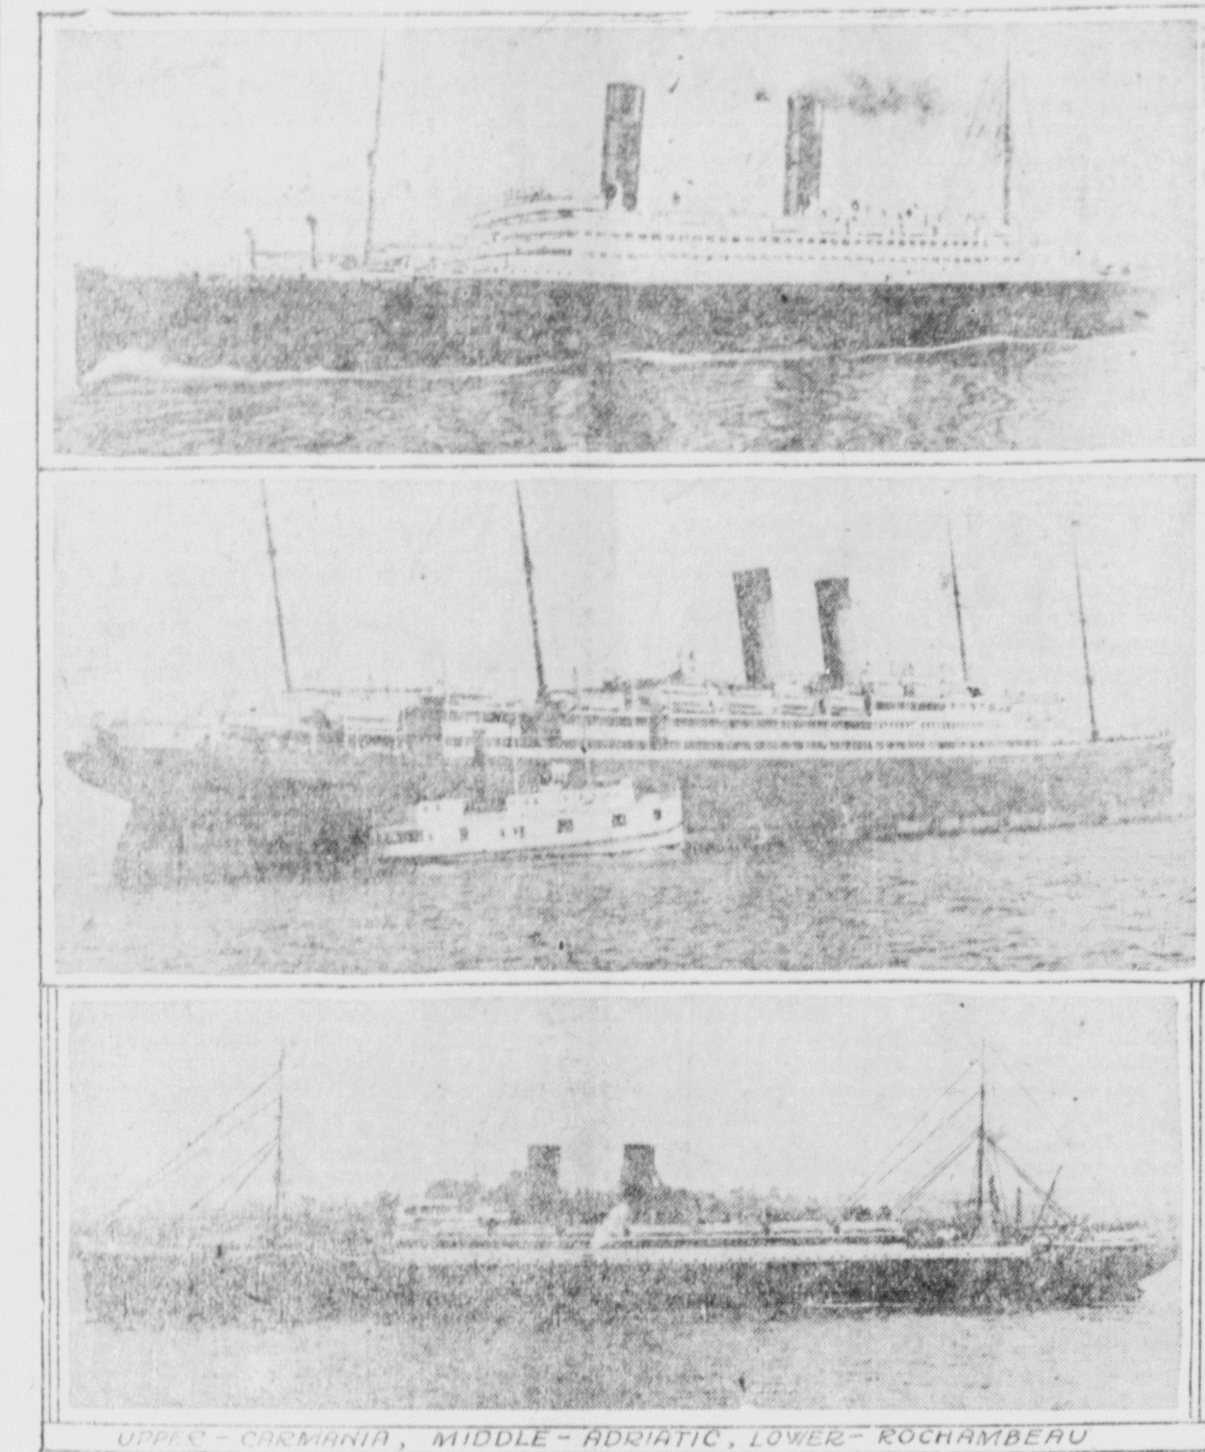

## HOLD NEUTRAL SHIPS

Berlin, Feb. 7.—According to the latest advices, neutral ships are forbidden by the British admiralty to leave British ports, the Overseas News agency said. It adds that all neutral ships have ordered to touch at Kirkwall for examination.

## ALLIES PLAN TO CONVOY THESE BIG STEAMERS WHEN THEY REACH SUBMARINE DANGER ZONE

UPPER - CARMANIA, MIDDLE - ADRIATIC, LOWER - ROCHAMBEAU

Despite the German note of intention to sink all ships in the zone drawn around the British Isles the Carmania of the Cunard line was cleared at the New York custom house for Liverpool for sailing on Feb. 3 or 4, with about twenty passengers and a big cargo. The big Adriatic of the White Star line, was also made ready for sailing. She has seventeen first, nine second, and

seven third class passengers. The agents of the French line said that the Rochembeau would sail, but her sailing, scheduled for Feb. 2, was delayed.

Captains and officers of French and British steamships getting ready to sail to their home ports said that they did not think the new German note made any difference so far as their vessels were concerned. The Cunard, White Star and French liners are all armed with a gun at the stern, and each master makes his own course across the Atlantic to the best of his judgment.

These vessels will not be convoyed cross, but they will be met when they reach a certain position decided upon before the vessel leaves New York.

The French liners going to Bordeaux have been immune so far because they zigzag across the stormy bay of Biscay and then encounter the strong tide of the Gironde, in which it is difficult for submarines to make any headway successfully.

## AWAITING OVERT ACT

### Little Hope of Change in Submarine Policy.

### WILSON MEETS ADVISERS

Cabinet's Attention Given to Reports by Each Member on the Energetic Efforts of His Department to Prepare for Eventualities—Ship Owners Await Instruction From State Department.

Washington, Feb. 7.—President Wilson and his advisers have adopted a waiting policy. The faint hope that the German government, after all, might modify its new submarine campaign, so as to avoid making an active enemy of America, was touched upon at a cabinet meeting, as was the probable position of other neutrals. But most of the cabinet's attention was given to reports by each member upon the energetic efforts of his department to the government to prepare for war, if it is to come.

In some quarters here the interview given by Foreign Minister Zimmermann in Berlin, expressing friendly feeling toward the United States, was viewed as a favorable sign. Little weight was attached to it by the cabinet, however, for the foreign minister's remarks that he hoped the American government would understand Germany's reasons for insuring unrestricted warfare on the sea were construed as meaning that no chance of course was to be expected.

Preliminary reports of the sinking of the British steamer Evestone and the killing of an American negro seaman are not regarded as establishing such a case as would be the signal for hostilities. A brief dispatch from Consul Frost at Queenstown announced the destruction of the ship and the killing of the American sailor by shells striking a boat which had just left the vessel.

Secretary Houston told the cabinet that data in the hands of the depart-

ment of agriculture show that the United States can be self-sustaining whatever may happen to cut her off from the rest of the world.

Cabinet Members Report.

Attorney General Gregory reported on bills which will soon be presented in congress strengthening the hands of the government in many directions. These include a measure for suppression of spying.

Secretaries Daniels and Baker went over the plans previously taken up in detail with the president himself for strengthening the army and navy. Secretary Daniels said that as soon as congress gives the necessary authority, work on ships under construction will be rushed. Mr. Baker declared there were no changes in the plans for returning national guard units now along the Mexican border.

The question of severance of relations with Austria-Hungary still remains undecided. Inquiries have been sent to Ambassador Penfield at Vienna, asking for a more complete and detailed statement of Austria's position and action by this government will be delayed until word is received from him.

The problem of how to protect American merchant ships in their right to travel through Germany's blockade zone is being given earnest consideration, but as yet no decision has been reached.

"The subject is stated finally to be complex beyond almost any other that the state department has handled and it is declared impossible to give the immediate ruling asked for by American shippers. For the present the department is standing on its original announcement to shippers that while sailing now is attended with danger, both to themselves and the country, they have an inalienable right to go out if they so desire."

## FINE WORK

(By American Press)

London, Feb. 7.—A report from Copenhagen says that Ambassador Gerard will not be permitted to leave Berlin until the German government is satisfied that Ambassador Von Bernstorff is properly treated in the United States.

FAYETTE CHAPTER R. A. M.  
Fayette Chapter will hold a stated convocation on Wed. evening, February 7th at 7 o'clock. Work in the Mark and Past Master degrees. Officers and companions are requested to be on time.

Visiting companions welcome.

## DON'T SUFFER WITH NEURALGIA

### Musterole Given Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a Little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard, better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten soles of the feet (it often prevents chilblains). It is always dependable.
